

MRE alumni, along with MRE lecturers, will share their experience and expertise with their peers/fellows in the business of real estate management.

Symposium Programme

MRE alumni and faculty will present their latest research findings and their professional assessments of the current state of real estate management in The Netherlands.

Topics will include: best practices in health care facility management, real estate and emotion - a much-needed addition to the financially inclined field, and a scientific debate on real estate management.

Speakers will include and prof. ir. Willem Keeris MRICS, professor real estate management, founder and Academic Director of the MRE programme, Mounir Benyahya (AAG), drs.ing. Norbert Bol, director Grontmij / Kats & Waalwijk Vastgoedvermogensbeheer bv, and lecturer of the MRE-programme, and dr.Marcel Wollaert, also lecturer of the MRE-programme.

Reason to Celebrate

Keeris: "Over the past ten years, MRE has built a position as the leading education programme and knowledge platform for real estate management in The Netherlands. We have taken the profession to an academic and strategic level, I dare say. Our alumni are now in key positions in the field. Our researchers and students have created an impressive body of knowledge. So, we have got every reason to celebrate!"
